1 Story and Overview

1.1 Introduction

1.1.1 General Overview

It is the year 1942 during the midst of the 2nd world war. A Boeing B-17 Flying Fortress carrying six Allied soldiers crash land onto a mysterious island in the pacific ocean after an attack from a Japanese fighter aircraft. Now they have to defend themselves from the wildlife of the island as well as from the native inhabitants who doesn't seem very friendly towards the guests until they find a way to escape from the deathly claws of the island.

1.1.2 Basic Game Details

Genre

The Island is an adventure based survival game with co-op support.

Platform

The Island will be available on PC and will be limited to Windows 7/8/8.1/10 operating systems.

Target Demographic

Our target audience is between the range of ages 18-35. The game will contain some amount of gore and violence. We aim to hook the players who are interested in co-op gameplay. Co-op gameplay will be completely optional to the players who prefer single play. Additionally the game will feature an adventure based story with survival, which will cater to a wide demographic of users.

Perspective

The game is played from third person perspective.

1.2 Plot Points

Arrival

We can see a cinematic of 6 assigned soldiers flying in a Boeing B-17 Flying Fortress above the ocean. They are suddenly attacked from behind by an enemy Japanese Fighter aircraft.
